DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

Applicant's arguments in the Appeal Brief filed May 5, 2006 are found persuasive. Accordingly, claims 1-6, 9-12, 14 are allowed; claims 13 and 14 however are objected to as regarding the obvious informalities delineated below.

Claims 13 and 15 are objected to for the following obvious errors or informalities.

Claim 13 reciting "The multi flip chip package of claim 12 . . ." is erroneous and should be changed to - - The multi flip chip module of claim 12 . . . - - since claim 12 recites in its preamble, " A multi flip chip module . . .".

Claim 15 reciting "The multi flip chip package of claim 12 . . ." is erroneous and should be changed to - - The multi flip chip module of claim 14 . . . - - since claim 14 (and not claim 12) provides antecedent basis for "the electrical and mechanical connection different from ball grid array or stud grid array" in claim 15 and since the antecedent basis in the preamble of claim 14 recites a multi flip chip module rather than a multi flip chip package.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
